Whirlpool Oven Cooking Functions

		Static	For those everyday traditional meals like casseroles, conventional roast is a reliable favourite!
		Bottom Element	Blind baking is easy with the bottom element function your quiches and larger cakes are always a tasty success!
		Fan Forced	From a batch of crispy cookies to a tender roast - with fan forced, you can cook them all at once using every shelf - giving even, consistent results.
		Fan Forced with Bottom Element	To bake that wholesome family fruitcake, the fan forced/bottom element function gives you that little extra you need for cooking the base.
		Pastry (Fan Assist)	With the even circulation of Fan Assist, you're guaranteed beautiful biscuits, cakes and perfect pastries every time.
		Turbo Grill	For that all time family favourite the Turbo Grill cooks the perfect succulent roast inside - all golden brown outside - just the way you love it!
		Single Variable Grill	From delicate cheeses to succulent steaks, five different power levels give you total full width grilling control.
		Dual Variable Grill	From a full family meal to a toasted sandwich snack, the Dual Variable Grill gives you full or half grill choice, to suit your meal size and save energy.
		Pizza/Bread	Perfect pizzas and beautifully baked bread every time! The Pizza/Bread Function will never let you down! Also used as rapid preheat-function 0-180C in 10 mins
		Extra Browning	Three levels of extra browning to give your roast that perfect golden finish.
		Keep Warm Cycle	If selected, will automatically turn on to keep your food warm after the Oven cooking function is complete. Handy if you or your guests are running late!
		Multi Low Temperature	Take the guesswork out of proving dough or defrosting with the accuracy of Multi Low Temperature. Also used as a keep warm function.
		Natural Defrost	For Natural Defrost that thaws food quickly without heat.

Catalytic Liners - To activate the Catalytic Liners set your oven to 200 - 250C using the fan forced or fan assist functions for 30 minutes. Unwanted grease simply turns into dust for easy wipe down.
